Even Organic Produce Should Be Washed to Eliminate Contaminants!

Bi-O-Kleen Produce Wash answers today's growing concerns about pesticides, herbicides, fungicides, waxes, deadly pathogens, pollution and soils on our produce and poultry. Use Bi-O-Kleen Produce Wash to remove and rinse away contaminants as an essential and effective way to have a healthier, safer diet and a more sanitary food preparation area. Remember, even organically grown foods need to be washed to eliminate foreign contaminants resulting from handling, storage, and shipping. (16 oz.)
